WHO WE ARE - SICL

STANDARD INSURANCE CONSULTANTS LIMITED (SICL) was established in the year 1980 under the Company's Act of 1968 and in accordance with the requirements of the Insurance Act of 1976 and the subsequent amendments.

SICL came into being over the Forty (40) years with an initial staff of Three (3) Insurance Professionals and Seven (7) Staff with the name Standard Insurance Intermediaries. With expanded responsibilities and increased diversification in the face of Nigerian Economy that was then becoming dynamic and more complex, the need arose for a change in the nomenclature of the Organization as the hitherto existing name began to suggest more limited sphere of activity than we were serving thereby reflecting morbidity.

For over 4 decades, **Standard Insurance Consultants Limited (SICL)**, has been at the forefront of providing insurance services to clients in the public and private sectors regardless of the complexity of the risk. Recognized as the leader in Insurance broking in Nigeria, SICL has cultivated excellent relationships with stakeholders across the entire Insurance and Risk Management value chain.

With a client retention rate of over 95%, SICL enables its clients to succeed by helping them to understand and better manage the risks they face, advising them on emerging risks, and ensuring that they have the resiliency to withstand the unforeseen adverse events.
